PROXY STATEMENT

SOLICITATION OF PROXIES

The solicitation of the enclosed proxy is made by the Board of Directors (the "Board") of Unifi, Inc. (the "Company") for use at the Annual Meeting of the Shareholders to be held Thursday, October 20, 1994, at 10:00 A.M. Eastern Daylight Savings Time, at the Yadkinville Offices of the Company, located on Old Highway 421, Yadkinville, North Carolina, or at any adjournment or adjournments thereof (Annual Meeting). This statement and the form proxy will first be mailed to the shareholders entitled to notice of the annual meeting on or about September 19, 1994.

The expense of this solicitation will be borne by the Company. Solicitations of proxies may be made in person, by mail or other telephone, telegraph or electronic means by directors, officers and regular employees of the Company who will not be specifically compensated in such regard. In addition, the Company has retained D. F. King & Company to assist in the solicitation of proxies and will pay such firm a fee estimated not to exceed \$6,000 plus reimbursement of expenses. Arrangements will be made with brokers, nominees and fiduciaries to send proxies and proxy materials, at the Company's expense, to their principals.

The Company's common stock, par value \$.10 per share (common stock) is the only type of stock the Company has. Shareholders of record, as of the close of business on September 12, 1994, will be entitled to notice of and to vote at the meeting or any adjournment thereof. The total number of shares of common stock, outstanding and entitled to vote at the Annual Meeting is, as of August 5, 1994, 70,452,432 shares. Each share of the Company's common stock entitles the holder to one vote with respect to all matters coming before the meeting and all of such shares vote as a single class. Only stockholders of record as of the close of business on September 12, 1994, are entitled to notice of and to vote at the Annual Meeting.

All shares represented by valid proxies received pursuant to this solicitation and not revoked before they are exercised will be voted in the manner specified therein. If no specification is made with respect to the matter to be acted upon, the shares represented by the proxies will be voted in favor of Proposal No. 1, the election as directors those nominees named in this proxy statement. If the enclosed form of proxy is executed and returned it may, nevertheless, be revoked at any time before it is voted by written notice to the secretary of the Company or by the

shareholder personally attending and voting his or her shares at the meeting.

VOTING OF SHARES

The holders of a majority of the outstanding shares entitled to vote, present in person or represented by proxy at this meeting, will constitute a quorum for the transaction of business. Each share represented is entitled to one vote on all matters properly brought before the meeting. Directors are elected by a plurality of the votes cast by the shareholders at a meeting in which a quorum is present. Therefore, shares not voted (whether by abstaining or broker non-vote) do not affect the election of directors. In instances where brokers are prohibited from exercising discretionary authority for beneficial owners who have not returned a proxy (so-called broker non-votes) those shares will not be included in the vote totals and therefore, will have no affect on the vote.

ELECTION OF DIRECTORS

General Information -

The Company's Certificate of Incorporation, as restated and amended, provides that the number of directors shall be fixed in the By-Laws; however, in no case shall be less than nine, but this number may be increased and subsequently increased or decreased from time to time by the affirmative vote of a majority of the Board except that the number of directors shall not be less than nine. The directors shall be divided into three classes, designated as Class 1, Class 2 and Class 3. All classes shall be as nearly equal in number as possible and no class shall include less than three directors, with one class to be elected annually for a three (3) year term. The term of the Class 3 Directors expires at the Annual Meeting of the Shareholders in 1994.

2

Lord Eric Sharp died suddenly on May 3, 1994. He was a Class 2 Director whose term would have expired at the Annual Meeting of the Shareholders in 1996. DIRECTORS COMPENSATION

Each director who is not an employee of the Company is paid, for serving on the Board, a retainer at the rate of \$14,000 per annum and an additional \$1,000 for each meeting of the Board of Directors attended, as well as being reimbursed for reasonable expenses incurred in attending said meetings. Directors who are employees of the Company are paid an attendance fee of \$1,000 for each meeting of the Board attended.

COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors has four (4) standing committees: the Executive Committee, the Compensation Committee, the Audit Committee, and the Stock Option Committee. The Executive Committee (composed of Messrs. Armfield, Eller, Kretzer, Mebane, Ward and Webster) met regularly during the year. The Compensation Committee (composed of Messrs. Armfield, Kretzer, Langone, Mebane, Orr and Lord Sharp, prior to his death) met twice during the year. The Audit Committee (composed of Messrs. Carter, Pohl, Orr, and Ward) met twice during the year. The Stock Option Committee (composed of Messrs. Carter, Langone and Orr) met twice during the year.

The Board of Directors has no Nominating Committee; however, in relation to nominations, the Executive Committee recommends to the Board nominees for election as directors. The Committee will consider those recommendations by shareholders which are submitted along with biographical and business experience information in compliance with the Shareholders Proposals provision, hereinafter set forth.

The Executive Committee has, except to the extent prohibited by the Business Corporation Law of the State of New York, all the powers of the Board in the management of the Company. All important actions taken by the Executive Committee are required to be reported to the Board at the meeting next succeeding such action. The Executive Committee, as noted in the

preceding paragraph, makes recommendations of nominees for directors to the Board.

The Compensation Committee's duties include, among other things, the review of performance and approval of salaries and other types of compensation for senior management of the Company, advising senior management with respect to the range of compensation to be paid other officers of the Company, making recommendations to the full Board concerning benefit plans for the Company's directors, officers and employees and determines all grants of stock options under the Company's Non-Qualified Stock Option Plans.

5

The Audit Committee's function is to be aware of the financial reporting procedure of the Company, review with the independent auditors the plans and results of the audit engagement, and to investigate when called upon and recommend such changes as deemed desirable to the Board. The control over the financial reports of the Company is the function of Management and the object of this committee is liaison with the Board in a recommendation capacity.

The Stock Option Committee administers the 1992 Incentive Stock Option Plan. It has exclusive jurisdiction to select the persons to whom options shall be granted, determine the number of shares subject to each option, the time or times an option shall be granted, the purchase price of the shares subject to options, which shall not be less than the fair market value of the Company's common stock on the date the option is granted, determine when options may be exercised, and establish such other provisions in the Option Agreement, as the committee may deem necessary or desirable, consistent with the terms of the plan.

The Board of Directors met four (4) times during the fiscal year 1994. All directors attended at least seventy-five percent (75%) of the meetings of the Board and the Committees of the Board on which they were members during that period.

COMPENSATION AND OPTION COMMITTEES INTERLOCKS AND INSIDER PARTICIPATION IN COMPENSATION DECISIONS

Mr. Langone is a director, controlling stockholder, and Chairman of the Executive Committee of Salem National Corporation. In the fiscal year 1994, the Company paid Salem Leasing Corporation, a wholly-owned subsidiary of Salem National Corporation, \$2,473,000 on leases of tractors and trailers, and for services thereto. The terms of the Company's lease with Salem Leasing Corporation are, in Management's opinion, no less favorable than the Company would have been able to negotiate with an independent third party for similar equipment and services.

Mr. Langone is Chairman of the Board of Directors and principal shareholder of Invemed Associates, Inc., an investment firm. During the fiscal year 1994, such firm performed certain advisory services for the Company. Mr. Mebane owns in excess of ten percent (10%) of said firm's equity securities. The amount paid Invemed Associates, Inc. for services rendered during the fiscal year ended in 1994 was \$60,000. In the opinion of management the fees that are paid to Invemed are as fair and reasonable and as favorable to the Company as those which could have been obtained from unrelated third parties.

6

The following table sets forth information for the fiscal years ended June 1994, 1993 and 1992, as to cash compensation paid by the Company and its subsidiaries (for the purpose of this section, collectively referred to as "Company") to the Chief Executive Officer ("CEO"), and the four most highly-compensated executive officers for services rendered in all capacities during the last three (3) fiscal years.

(1) As permitted by the Securities and Exchange Commission's rules regarding disclosure of executive compensation in proxy statements, this column excludes perquisites and other personal benefits of the named executive officer if their total cost is less than \$50,000. Pursuant to the same rules, the Company has not calculated the amount of other annual compensation of any of the named executive officers for 1992. Of the amounts reported under "Other Annual Compensation" the approximate incremental cost to the Company of their respective personal travel expense in 1994 and 1993 respectively, amounted to: Mr. Mebane--\$70,134 and \$45,279; Mr. Armfield--\$75,639 and \$71,680.

(2) The components of the amounts shown in this column consist of the following: (i) a director's fee of \$4,000 each paid to the CEO and named executives; (ii) payments of the Company's portion of the premiums on the split-dollar life insurance, as more specifically set forth under Employment and Termination Agreements, in 1994 and 1993, respectively, amounted to: Mr. Kretzer - \$1,320 and \$1,399; Mr. Mebane - \$2,106 and \$21,086; Mr. Armfield - \$1,827 and \$7,150; Mr. Eller - \$1,929 and \$1,990; Mr. Ward - \$2,062 and \$2,146. In addition, Mr. Armfield, upon the termination of the Macfield Pension Plan, received \$534,026 in 1993; and (iii) allocation of the Company's contribution to the Profit Sharing Plan for the CEO and other named executive officers, in the amounts of \$17,057 and \$27,659 in 1994 and 1993, respectively. No distributions were made under the Profit Sharing Plan to any of the executive officers.

The Company has an Employment Agreement with Mr. Mebane which provides that from July 1, 1990, through June 30, 2000, (the "executive period") Mr. Mebane would receive a salary of \$800,000.00 per annum, plus such additional compensation and bonuses as may be awarded, from time to time, by the Board of Directors of the Corporation and is entitled to receive Directors' fees; and from July 1, 2000, until June 30, 2005, (the "consultant period"), Mr. Mebane would receive annual compensation equal to one-fourth (1/4) of the base compensation being paid to him during the last year of his executive employment.

7

The Company has an Employment Agreement with Mr. Kretzer, effective July 1, 1990 and ending June 30, 2000. The agreement was amended in 1992 to increase Mr. Kretzer's salary from \$550,000 to \$750,000 per annum, plus such additional compensation and bonuses as may be awarded, from time to time, by the Board of Directors of the Company. The other terms of the agreement were not amended.

The Company has Severance Employment Agreements with Messrs. Mebane, Armfield, Kretzer, Eller, Ward and Webster. The agreements provide that if said executive officers' employment is terminated involuntarily, other than by death or disability or cause, or voluntarily, other than for good reason, after a change in control of the Company, such executive officer may receive certain benefits. The present value of the benefits will be 2.99 times such executive officers' average annual taxable compensation paid during the five (5) calendar years preceding the change in control of the Company limited to the amount deductible by Unifi, Inc. and as may be subject to excise taxes under the Internal Revenue Code, all as determined by the Company's Independent Certified Public Accountants, whose decision shall be binding upon the Company and the executive officers. A change in control is deemed to occur if someone acquires twenty percent (20%) or more of the outstanding voting stock of the Company, or if there is a change in the majority of directors under specified conditions within a two (2) year period. The benefits under these contingent employment agreements are, as noted, contingent and therefore not reported under the Summary Compensation Table.

REPORT OF THE COMPENSATION AND STOCK OPTION COMMITTEES ON EXECUTIVE COMPENSATION

This report of the Compensation Committee and the Stock Option Committee ("Committees") of the Board of Directors of the Company sets forth the Company's compensation policies with respect to the executives of the Company, including the named executives for whom specific compensation information is reported in the accompanying summary compensation tables.

The Compensation Committee was composed of three non-employee directors (prior to Lord Sharp's death) and three employee directors of the Company. The non-employee directors determine the compensation of the employee directors and the full Compensation Committee determines the compensation of other officers.

The duties of the Committees include the review of performance and approval of salaries and other types of compensation for senior management of the Company; advising senior management with respect to the range of compensation to be paid to other officers of the Company; and making recommendations to the full Board concerning benefit plans for the Company's directors, officers and employees and the granting of stock options under the Company's option plans.

The Stock Option Committee is composed of three non-employee directors

who determine the executives and other personnel who will receive options, the number of shares subject to the option, the price and other terms and conditions of the options granted under the Company's plans.

COMPENSATION PHILOSOPHY

One of the Company's primary business objectives is to maximize long-term shareholder returns. To achieve this objective it is necessary to attract, retain and motivate the highest quality management team possible, that can conceptualize, strategize and technically implement business development, product development, manufacturing technology, and service programs to generate long-term growth.

Establishing compensation programs generally and determining the compensation of individual executive officers can be complex matters involving numerous issues and a variety of data. The Company's committees and its Board of Directors believe that the compensation programs should be flexible to allow judgment and discretion on the part of the committees rather than utilizing a formula approach. The compensation of the executive officers, including the CEO, is determined on a subjective evaluation, including said officer's past, present and future value to the Company, the performance of the Company contrasted with the economic conditions of the textile market in particular, and the general economy in general. The committees view the compensation in three component parts; base salary, annual cash incentive compensation (collectively, "cash compensation") and stock option grants.

9

BASE SALARIES

The Compensation Committee recommends to the Board of Directors base salaries they think are fair and reasonable for the services rendered by the respective executive officers and necessary to keep him or her from resigning and going to work for some other corporation. Adjustments to base salaries for executives are recommended annually by the Committee, based on individual performances and contributions to the Company's success. All base salary adjustments are approved by the full Board. Base salaries for the named executives, other than the CEO, increased by 7.14% in fiscal year 1994. Mr. Mebane's and Mr. Kretzer's base salaries are covered by Employment Agreements.

ANNUAL CASH INCENTIVE COMPENSATION

The Company rewards executives based on each fiscal year's results and reflects a balance between overall corporate performance and performance of the specific areas of the Company under the individual's control. The annual cash incentive compensation in the form of bonuses are, as previously noted, based on subjective evaluation of the respective executive. Bonuses, if any, recommended by the committees are subject to the full Board.

The annual incentive compensation awarded to the named executives in the Summary Compensation Table other than the Chief Executive Officer averaged 24.05% of base salary compared to 43.1% of base salary in fiscal 1993. The committees recommend approval of the bonuses to the full Board, noting exceptional performance by management for the year.

STOCK OPTIONS

The Company maintains three stock option plans which provide for the award of stock options to key management employees: The 1992 Incentive Stock Option Plan, the 1987 Non-Qualified Stock Option Plan and the 1982 Incentive Stock Option Plan.

Incentive stock options are granted from time to time, as approved by the Stock Option Committee, on a completely subjective basis, as previously

noted. Options are granted with an exercise price equal to the fair market value of the shares of the Company's common stock on the date of grant and the optionee will realize value from the grant only if the market value of such shares increases. Because the compensation element of options is dependent upon increase over time in the market value of such shares, stock options represent compensation that is tied to the Company's long-term performance for periods of up to ten (10) years (the period during which such option may be exercised). Compensation in the form of stock options serves to align the interest of the executive officer directly with the interest of the Company's shareholders.

In 1994, the stock options granted to the executive officers as a group constituted approximately 10.94% of their total 1994 compensation package, utilizing (for illustration purposes only) the valuation method used in the Table of Options Granted in Fiscal Year 1994. Executive officers will realize no value from their stock option grant unless the market price of the shares of the Company stock rises above such price on the date of the grant.

CEO COMPENSATION

Compensation paid to the Chief Executive Officer, Mr. Kretzer, during the fiscal year was based on the same factors generally applicable to compensation paid to other executives of the Company. Mr. Kretzer's base salary was \$750,000 and his annual incentive (bonus) represented 26.67% of his base salary, compared to 61.5% for fiscal 1993. The Committee awarded Mr. Kretzer 20,000 stock options at fair market value.

10

COMMITTEES' JUDGMENT

It is the judgment of the Committees that in 1994, and for the three periods ending June 26, 1994, the Company had excellent results and total compensation to the executives was appropriate for such performance and to retain and motivate such executives in the future. The foregoing report has been furnished by the members of the following Committees:

Compensation Committee:

William J. Armfield, IV
 William T. Kretzer
 G. Allen Mebane
 Kenneth G. Langone
 Donald F. Orr
